Draycote Water
Saturday 22nd May 1993

Information and Programme

Introduction

The purpose of this "Information and Programme Booklet" is to make your visit to Coventry and Draycote Water as smooth running and enjoyable as possible.

If at any stage you have any problem or query, may we suggest you contact the following individuals:

Hotel: Miss Sarah Pearson, or any of the Reception Staff

Draycote Water: Keith Causer or Mark Richardson, Paul Page, the CEFF Competitions Secretary, and Geoff Clarkson, the CEFF Honorary Secretary, will also do their best to handle any queries.

Directions to Hotel

(see map opposite)

1. Leave the Coventry Inner Ring Road at Junction 2 and follow the signs for the City Centre.
2. Cross the traffic lights at the junction where the Old Fire Station is on your left. Keep to the right of the Bus Lane.
3. Turn first left and cross the Bus Lane at the Car Park sign into New Buildings.
4. Turn right into the Fairfax Multi-Storey Car Park. On the first floor adjoining the hotel we offer Free Parking. A token is required for exit.

Address: De Vere Hotel, Cathedral Square, Coventry CV1 5RP
Tel: 0203-633733 Fax: 0203-520172

Coventry City Centre

A. De Vere Hotel
B. Cathedral
C. Sports Complex
D. Herbert Art Gallery & Museum
E. Toy Museum
F. B. R. Station
G. Godiva Statue
H. Medieval Buildings
I. Belgrade Theatre
J. Road Transport Museum
K. Council House
P. Car Park

To find Draycote Water

From the De Vere Hotel, take the Hotel Porter's directions to the Coventry Inner Ring Road and leave at exit 4, onto the A45 towards London. At the roundabout at which the M45 starts, take care to turn left, still on the A45, signposted to Dunchurch and Northampton.

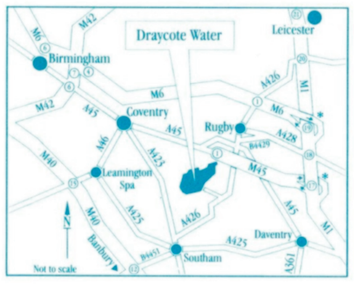

In the middle of Dunchurch turn right at the cross roads traffic lights onto the A426. Draycote Water is two miles along this road on the right hand side.

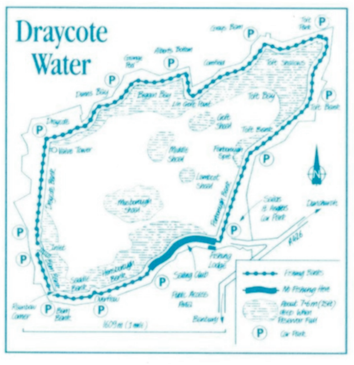

The prime purpose of Draycote Water is to provide potable water to local homes, to industry and to support low river flows during the summer months from the River Leam. There is no natural flow into the reservoir, which is supplied during the winter with water pumped from the River Leam.

When full, Draycote Water covers some 600 acres, with a maximum depth of 70 feet. It is nearly 2 miles long and has a capacity of 5,000 million gallons.

The reservoir opened for fishing in 1970, with good catches of Brown and Rainbow trout. Since then, the stocking policy has been developed and refined to produce consistent sport by introducing Rainbow trout twice weekly evenly throughout the water. During the last three years, Brown trout have been stocked in the winter to give them a real opportunity to grow on to top quality, and better weights.

Draycote Water offers excellent bird watching and is also a major sailing venue. We are particularly grateful to Draycote Sailing Club for their generosity and kindness in agreeing not to sail on Match Day. All competitors are asked to be considerate to those who will be sailing on our Practice Days.

Programme

Wednesday 19th May 1993

1400 – 1800	Check into De Vere Hotel, Cathedral Square, Coventry
1700 – 1900	Fly-tying demonstration at Severn Trent Water display in 2nd floor entrance area from car park
1930 – 2000	Dinner
2100	Annual General Meeting of the International Fly Fishing Association and Draw for Boats

Thursday 20th May 1993

0700 – 0900	Breakfast
0815	Depart Hotel
0900	Arrive Draycote
0915 – 1000	Photographs of Teams and Officials
1030 – 1730	Catch & Release practice
1800	Depart Draycote (any team which wishes may visit Gordon Griffiths on return journey)
1930 – 2000	Dinner

Friday 21st May 1993

0700 – 0900	Breakfast
0815	Depart Hotel
0900	Arrive Draycote
1000 – 1800	Catch & Release practice
1830	Depart Draycote
1930 – 2000	Dinner

Saturday 22nd May 1993

0715 – 0930	Breakfast
0815	Depart Hotel
0900	Arrive Draycote
1000	Home International starts
1030	Start of Officials' Match
1730	Weigh-in for Officials' Match
1800	Home International concludes
1805 – 1815	Weigh-in
1830	Depart Draycote
1900	Arrive Hotel
2030	International Dinner in Connaught Suite of the De Vere Hotel. Dress: Lounge suit or blazer

Sunday 23rd May 1993

0830 – 1000	Breakfast and goodbyes. We wish you all a safe journey home.

Guests' Programme

Thursday 20th May 1993

0930	Depart hotel for guided tour of the magnificent Warwick Castle, then free time in Warwick.

Friday 21st May 1993

0930	Depart hotel for guided tour of Stratford-upon-Avon, to include visits to such Shakespearean places of interest as the Royal Shakespeare Theatre, Anne Hathaway's Cottage and Mary Arden's House.

Saturday 22nd May 1993

Free day to visit Coventry City Centre, the shops, and the Cathedral.

Note: 1) Neither Scotland nor England caught a trout at Llyn Alaw in 1972, hence the halves.
2) England resigned in 1972 and rejoined the Association in 1974 and, as a result, have fished in fewer matches than the other three countries.

International Fly Fishing Association Fishing and Match Rules

Section A – Fishing Rules

1. Fishing shall be carried out respecting the spirit and traditions of our sport.

2. Matches shall be fished with artificial fly only. Tandem flies shall not be permitted. No flies shall be artificially weighted. Not more than four flies shall be mounted on a cast and flies must be at least 20 inches apart.

3. A fly shall comply with the following specification. The hook shall be single or double provided that in the case of a double hook, the angle between the bends does not exceed 90 degrees and when viewed from the side the bends lie one behind the other. Fly irons will measure not more that five-eighths of an inch overall, including the eye. Setæ, wings or hackle shall not exceed one and one half times the overall length of the metal hook.

4. (a) Lines, casts and leaders shall not be additionally weighted. Shooting heads, metal core lines and metal core braided leaders are debarred.

   (b) Lines must be as manufactured without any joints in them.

5. One rod, not exceeding 12 feet in length, to be used by each competitor, but each competitor will be entitled to have in the boat with him a spare rod (length as before) – both rods, however, not to be mounted at the same time. A rod is considered to be mounted if any two sections are joined or if a reel or line is attached.

6. (a) Drogues which must be uniform for all competitors are permitted at the discretion of the host country.

   (b) The anchoring of boats when fishing is prohibited. Boats must be allowed to drift freely when fishing, and not to be held on the oars in such a manner as to gain an unfair advantage over either angler in the boat or over any other angler.

   (c) Special seats for the disabled angler may be used at the discretion of the Association, subject to submission of a medical certificate at least 48 hours before the commencement of the Match. In such circumstances a similar seat or facility should be available for the boat partner.

   (d) During a Match, no boat may encroach within a distance of one hundred yards in front of another boat from which competitors are fishing, nor disturb the water in front or around any such boat by the indiscriminate use of the motor.

   (e) The use of tackle boxes for sitting on in the boat while fishing is debarred.

7. (a) A competitor's rod when working flies or retrieving casts, must be above water level. Competitors must not stand in the boat when casting or retrieving line, unless local rules permit. Competitors may stand when playing a fish.

   (b) Trolling of flies behind the boat is not permitted, whether the boat is drifting or being driven by motor or oars. Side casting is permitted but flies must not be allowed to trail behind the boat. When drifting, it is permissible to cover a rising fish behind the boat.

   (c) Competitors shall change ends every two hours or as may be mutually arranged. The person for the time being in the stern, shall have command of the boat.

Section B – Match Rules

1. (a) Boats and boatmen shall be allocated by ballot. Mixed pairings will apply.

   (b) No boatmen shall be allowed to fish during the competition, nor to handle a mounted rod (see Section A Rule 5) during the hours of the competition.

2. (a) Match results will be decided by the weight of fish – the higher weight taking the higher placing. In the event of equality in weights, the country with the greater number of trout will take precedence over the country with the fewer. In the event of a tie in weight and numbers of trout, each country will hold any Trophies for an equal period.

   (b) The same conditions will apply in respect of the individual awards except that in the event of a tie, by weight and numbers, the tying competitors will hold the Trophy for an equal period of time. Where a replica is involved each tying competitor will receive such replica.

3. (a) There shall be no trophies or prizes awarded to individual anglers apart from "The Brown Bowl" and "The H. Emyr Lewis Memorial Trophy". There is no objection however to a cup or award of a similar nature being put up for competition among the team of any member country.

   (b) Sweepstakes amongst the competitors are not permitted.

4. Subject to any direction of the Association, any Match shall be fished under the rules of the governing body of the water on which the match is fished insofar as these are compatible with the rules of the Association. For every match, the Association shall fix the hours of fishing, the minimum size and species of fish which may be weighed in and the starting and finishing point will be decided by the host organisation. Such information will be included in the Match Booklet.

5. When the Match is fished from boats, competitors shall not fish from the bank and shall return to the finishing point in the boat in which they set out, except in the event of damage to a boat or oar, failure of motor, or being overtaken by storm, when they may return by other means, but the circumstances shall be reported on return to the Secretary who shall deal with the report as if it were a complaint made under Rule 7 below.

6. All competitors shall present their fish at the weighing point immediately after the closing hour for fishing. Nil returns are required. Any competitor not reporting to the official weigher within 15 minutes of the end of the Match will be deemed to be clean.

7. The existence of a dispute or complaint on any matter in any Match shall be immediately intimated to the Secretary who shall inform the President. A Sub-Committee consisting of the International President and one non-competing official from each country taking part shall be, at once, convened to investigate the matter and adjudicate thereon. The International Secretary will attend the meeting but will have no vote. The decision of the Sub-Committee shall be final.

N.B. Competitors are advised to wear buoyancy aids and eye protectors when either travelling in or fishing from boats.

Local Rules

The Match shall be fished according to the rules of the International Fly Fishing Association, in conjunction with the following local rules.

Boats will leave the start area in front of the Fishing Lodge at 10.00 am.

They must be back within this area by latest 6.00 pm.

The drogues to be supplied may be used at the discretion of the competitor in command of the boat at the time.

No thwart boards/cross seats may be used.

No standing in the boat, except when playing a fish.

Brown and Rainbow trout will count. There is no size limit.

Teams will weigh in at the Sailing Club in the order Ireland, Scotland, Wales, England. Will competitors please present their catches in the order they appear in this booklet.

Trophies

1. Graham Munro Hall Memorial Trophy (The Premier Award) is held by the winning team until the next International Match.
2. The Central Electricity Generating Board Cup is held by the winning team until competed for again in Wales.
3. The Captain's Badge is held by the winning captain until the next International Match.
4. The Brown Bowl is held by the angler with the best basket.
5. The Hilliard Williams Cup is competed for by Scotland and Ireland.
6. The Hastings Clay Cup is competed for by Ireland and Wales.
7. The Lowe-Hall Salver is competed for by Scotland and Wales.
8. The Grahame Cup is competed for by England and Scotland.
9. The "Melvin Murderer" is competed for by England and Ireland.

10. The Rose Bowl is competed for by England and Wales.
11. The Laverty Cup is held by the Irish angler with the best basket.
12. The Gillie Farr Trophy is held by the Welsh angler with the best basket.
13. The Phoenix Salver is held by the Scots angler with the best basket.
14. The Grafham Trophy is held by the English angler with the best basket.
15. The H. Emyr Lewis Memorial Trophy is held by the angler with the heaviest trout.
16. The Spoon is held by the team with the lowest total.
17. The Mallet is held by the Chairman during his term of office.

TROUTACTION

Bob Church reports on England's performance in the home countries international and examines some of the winning methods.

ENGLAND BY A MILE! New boy leads way

JEREMY Herrman made his England debut and ran off with the Brown Bowl – awarded for top individual weight.

THE Drennan Team England had a massive victory in the home countries Fly Fishing Competition held at Draycote Water.

As host nation for this year's annual match, England were expected to do well and as team manager I knew we had a very good team of experienced old hands and some bright new prospects.

In the two days of pre-match practice, all four countries seemed quite happy with their results. Conditions were cool and windy, or wet and windy, and this gave a good wave on Draycote, which the Irish and Scots delight in.

One Irish angler boated a 7 lb rainbow, while a Scot had a 6 lb 8 oz brown trout.

The Welsh have become quite expert at fast sinking line techniques but as the English found out in practice, this wasn't working at all.

I must admit this was much to my surprise because in the past at this time of year mini lures fished on Hi-Di lines have always scored well.

The successful practice tactics turned out to be in the first spot, floating lines and dry flies with claret and red emergers, olive Shipmans buzzers and olive suspender buzzers taking most fish.

The second best technique was an intermediate fly line with a team of nymphs or wets. These were fished just beneath the surface, three feet down at most.

Conditions on match day altered with a light Southerly wind blowing.

Young Jeremy Herrmann, making his England debut, had performed so well in practice and he continued to fish quite outstandingly, easily finishing top weight with 20 fish for 31 lb 13 oz.

His tactics were to drift across the middle of the reservoir beginning near to the sailing club. He fished dry fly all day, basing his approach on the olive hatches which we observed had caused the better fish to feed during all three days.

Jeremy won the prestigious Brown Bowl Trophy, making him No. 1 angler in all four countries present at the time.

Another England man making his debut was Christopher Timothy from Bath. He finished second with 11 fish for 15 lb 8 oz.

In third spot was another Englishman, the ever consistent John Pawson, with 10 fish for 14 lb 8 oz.

It really was a case of 'didn't they do well' because England had a massive win by one of the largest margins ever – a clear 60 lb.

It was a day to remember for England captain Jeff Mason.

Result: 1 England, 95 fish for 136 lb 12 oz; 2 Scotland, 55 fish for 74 lb 15 oz; 3 Ireland, 46 fish for 65 lb 9 oz; 4 Wales, 36 fish for 51 lb 8 oz.

The dry fly method used

THERE is nothing too clever to the dry fly method used to win this event, but it is true to say some are much better at applying it than others.

Jeremy likes to fish his dry emergers proud on the surface and leaves them static, just taking up any slack line as the boat drifts towards the flies.

Chris Timothy favoured a slightly submerged fly which he would ease back slowly, then lift his rod. At this stage he uses his top dropper floating fly as a bite indicator and as soon as it moves he strikes and, of course, hooks the trout on the submerged fly.

Both methods were practised to perfection by these top anglers and, as they will tell you, it is all about concentration and confidence.

Surface flies

IT has been a record year for Hawthorn flies which have been prominent all over the country throughout the month of May.

As they disappear the pond, olives with their upright wings take their place on many reservoirs and gravel pits, while on lesser waters the Mayfly will be at its peak during the first week of June.

Soon after that the sedges will arrive and the small yellow summer Cranefly (small daddy long legs).

The minute caenis or 'angler's curse' will be there during the evenings and all through from now until September buzzer hatches will continue in their various colours.

All in all there is so much for the fly fisher who enjoys surface dry fly fishing to imitate. Fish with a light rod and a 6 or 7 weight forward floating fly line.

If the weather is windy you can set up with three dry flies on your cast. If, on the other hand, there is only a light breeze, two well spaced out flies is best.

In those trying flat calm conditions, use only a single dry fly for the best chances of regular sport.

BOB'S BACK IN TWO WEEKS TIME

BOB CHURCH

Tops for trout every week

ENGLAND HIT DRAYCOTE FORM

A BLISTERING performance by Drennan team England on an in-form **Draycote Water** destroyed the opposition in the Spring International fished by the four home countries. England's total of 95 fish for 136.74 lb was nearly twice the catch of nearest rivals Scotland with 55 fish for 74.96 lb, helped considerably by Trout Fisherman contributor Jeremy Herrmann's 20 fish catch!

Brown Bowl winner Jeremy's total of 31. 13 lb was more than double the weight of England's second-placed Chris Timothy with 11 fish for 15.42 lb. Jeremy's catch would have probably weighed even more as in a new catch and release system adopted for the match, only the first eight fish were killed. All other fish caught and then released were credited as 1.5 lb each, but two of Jeremy's released trout were both more than 3 lb. apiece.

Said Jeremy:" All of my catch were resident fish with at least ten being over-wintereds. I didn't know there were that many in Draycote. Three of them were three pound plus rainbows."

After doing well in practise, Jeremy started the four-cornered match in confident mood. Fish were rising out in the middle so Jeremy stuck to dries for the whole of the event taking fish on sparsely-dressed Black Hopper and claret and olive Shipman's Buzzers. "There was a good hatch of buzzers on the edge of the Musborough Shoal, which was where I caught my fish," said an ebullient Jeremy. " When I reached double figures, I began to get the feeling I'd done well."

The other two England team members who retain their place for the Autumn International at Brenig are John Pawson (ten for 14.68 lb) and Bill Latham (eight for 12 lb)

RESULTS

1 England 95 fish for 136.74 lb, 2 Scotland 55 fish for 74.98 lb, 3 Ireland 46 fish for 65 lb, 4 Wales 36 fish for 51.57 lb

England

Jeff Mason (Captain), Gordon Bloodworth, Lester Booth, John Braithwaite, Chris Churn, Mick Dwyer, Lee Henfrey, Jeremy Herrmann, Bill Latham, John Pawson, Clive Perkins, Lee Senington, David Shaw & Chris Timothy.

1. England	95 fish	136.74 lbs
2. Scotland	55 fish	74.960 lbs
3. Ireland	46 fish	65.600 lbs
4. Wales	36 fish	51.570 lbs

Competition Rules

The Competition will be fished in accordance within the rules agreed at the International meeting at Coventry England on Wednesday 19th May 1993. The Briefing notes for Competitors and Controllers includes a full transcript of these rules.

Scoring

1. Each fish caught will score 20 points, plus one point per full centimetre.

2. Competitors from each of the five beats will be placed separately, according to the points they have scored, for each of the four sessions (ie.the top competitor on Beat A in Session One will receive a '1' placing, the second a '2' placing etc and likewise for competitors on other beats. The same will apply to the Second, Third and Forth sessions on each beat). A nil catch will result in a placing equal to the number of anglers fishing the beat involved.

3. The overall individual winner will be the competitor with the smallest combined total number of 'placings': the second will have the next smallest combined total number. etc. Similarly, the team positions will be decided by the number of placings achieved by all the team members. In the event of competitors or teams tying with the same total number of placings, the higher position will be granted to the competitor or team with the higher points score.

Competition Timetable
Friday 2nd July 1993

0730	Start of breakfast
0830	Leave Hotels
0930	Start of first session
1100	End of first session

Ian Greenwood, Oliver Edwards, Dave Grove (Captain), Jeremy Lucas & Stuart Crofts (1992 Rivers National, Derbyshire Wye)

Scotland

Jim Fairgrieve (Captain), Paul Buchanan, Ian Wilson, Franz Grimley & Matt Walker.

RIVER INTERNATIONAL

SCOTLAND won the River Home International competition on the River Wharfe pushing Drennan team England into third position! Despite being on unfamiliar territory, Scottish anglers took the first four places thanks to Paul Buchanan, Ian Wilson, Matt Walker, and Franz Grimley.

The best England performance was fifth place by Dave Grove. Wales finished second with Ireland trailing well behind England in fourth position. Small flies and very fine leaders to 2 lb were needed in the warm, bright conditions. Best fish was a grayling of 43 cm.

England

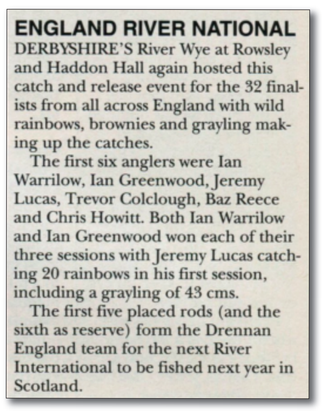

Dave Grove (Captain), Stuart Crofts, Oliver Edwards, Ian Greenwood, Jeremy Lucas, Brian Thomas (Reserve) & Mike Childs (Manager).

1. Scotland	1668 points	41 placings
2. Wales	1334 points	57 placings
3. England	1283 points	57 placings
4. Ireland	812 points	63 placings

ENGLAND RIVER NATIONAL

DERBYSHIRE'S River Wye at Rowsley and Haddon Hall again hosted this catch and release event for the 32 finalists from all across England with wild rainbows, brownies and grayling making up the catches.

The first six anglers were Ian Warrilow, Ian Greenwood, Jeremy Lucas, Trevor Colclough, Baz Reece and Chris Howitt. Both Ian Warrilow and Ian Greenwood won each of their three sessions with Jeremy Lucas catching 20 rainbows in his first session, including a grayling of 43 cms.

The first five placed rods (and the sixth as reserve) form the Drennan England team for the next River International to be fished next year in Scotland.

14.	Bill Latham	1	-	14
	TOTAL	44	65	6

Boats must be allowed to drift freely when fishing, and not to be held on the oars in such a manner as to gain an unfair advantage over either angler in the boat or over any other angler.

(c) Special seats for the disabled may be used at the discretion of the Association, subject to submission of a medical certificate at least 48 hours before the commencement of the Match. In such circumstances a similar seat or facility should be available for the boat partner.

(d) During a Match, no boat may encroach within a distance of one hundred yards in front of another boat from which competitors are fishing, nor disturb the water in front or around any such boat by the indiscriminate use of the motor.

(e) The use of tackle boxes for sitting on in the boat while fishing is debarred.

7. (a) A competitor's rod when working flies or retrieving casts, must be above water level. Competitors must not stand in the boat when casting or retrieving line, unless local rules permit. Competitors may stand when playing a fish.

(b) Trolling of flies behind the boat is not permitted, whether the boat is drifting or being driven by motor or oars. Side casting is permitted but flies must not be allowed to trail behind the boat. When drifting, it is permissible to cover a rising fish behind the boat.

(c) Competitors shall change ends every two hours or as may be mutually arranged. The person for the time being in the stern, shall have command of the boat.

Section B · Match Rules

1. (a) Boats and boatmen shall be allocated by ballot. Mixed pairings will apply.

(b) No boatmen shall be allowed to fish during the competition, nor to handle a mounted rod (see Section A Rule 5) during the hours of the competition.

2. (a) Match results will be decided by the weight of fish – the higher weight taking the higher placing. In the event of equality in weights, the country with the greater number of trout will take precedence over the country with the fewer. In the event of a tie in weight and number of trout, each country will hold any Trophies for an equal period.

(b) The same conditions will apply in respect of the individual awards except that in the event of a tie, by weight and numbers, the tying competitors will hold the Trophy for an equal period of time. Where a replica is involved each tying competitor will receive such replica.

3. (a) There shall be no trophies or prizes awarded to individual anglers apart from 'The Brown Bowl' and the 'The H. Emyr Lewis Memorial Trophy'. There is no objection however to a cup or award of a similar nature being put up for competition among the team of any member country.

(b) Sweepstakes amongst the competitors are not permitted.

4. Subject to any direction of the Association, any Match shall be fished under the rules of the governing body of the water on which the match is fished insofar as these are compatible with the rules of the Association. For every match, the Association shall fix the hours of fishing, the minimum size and species of fish which may be weighed in and the starting and finishing point will be decided by the host organisation. Such information will be included in the Match Booklet.

5. When the Match is fished from boats, competitors shall not fish from the bank and shall return to the finishing point in the boat in which they set out, except in the event of damage to a boat or oar, failure of motor, or being overtaken by storm, when they may return by other means, but the circumstances shall be reported on return to the Secretary who shall deal with the report as if it were a complaint made under Rule 7 below.

6. All competitors shall present their fish at the weighing point immediately after the closing hour for fishing. Nil returns are required. Any competitor not reporting to the official weigher within 15 minutes of the end of the Match will be deemed to be clean.

7. The existence of a dispute or complaint or any matter in any Match shall be immediately intimated to the Secretary who shall inform the President. A Sub-committee

LOCAL RULES

Boats leave start area at 10.00 a.m. and must be back by 6.00 p.m.

No thwart boards or cross seats may be used.

Size limit: 10 inches from tip of snout to fork of tail.

No drogues to be used unless issued by organisers. When issued their use is under the direction of the Captain of the boat.

Teams to weigh in order their names appear in this booklet.

PAST RESULTS

Matches finished annually on Loch Leven from 1932 to 1970 inclusive, except for War Period 1940 to 1949.

NOTE: 1. Neither Scotland nor England caught a trout at Llyn Alaw in 1972, hence the halves.
2. England registered in 1972 and rejoined the association in 1974 and as a result have fished in fewer matches than the other three countries.

TROPHIES

1. **Graham Munro Hall Memorial Trophy** (The Premier Award) is held by the winning team until the next International Match.
2. **The Central Electricity Generating Board Cup** is held by the winning team until competed again in Wales.
3. **The Captain's Badge** is held by the winning captain until the next International Match.
4. **The Brown Bowl** is held by the angler with the best basket.
5. **The Hillard Williams Cup** is competed for by Scotland and Ireland.
6. **The Hasting Clay Cup** is competed for by Ireland and Wales.
7. **The Low-Hall Salver** is competed for by Scotland and Wales.
8. **The Grahame Cup** is competed for by England and Scotland.
9. **The 'Melvin Murderer'** is competed for by Ireland and England.
10. **The Rose Bowl** is competed for by England and Wales.
11. **The Laverty Cup** is held by the Irish angler with the best basket.
12. **The Gillie Farr Trophy** is held by the Welsh angler with the best basket.
13. **The Phoenix Salver** is held by the Scots angler with the best basket.
14. **The Grafham Trophy** is held by the English angler with the best basket.
15. **The H. Emyr Lewis Memorial Trophy** is held by the angler with the heaviest trout.
16. **The Spoon** is held by the team with the lowest total.
17. **The Mallet** is held by the Chairman during his term of office.

An England win...

DRENNAN Team England's fly anglers have scored an impressive win in the Autumn Home International. 15/9/93

The match, fished on North Wales venue Llyn Brenig, was fought out on sinking lines and mini-lure tactics.

At the weigh-in the England team had tempted 44 fish for 65 lb 6 oz, with Ireland in second spot taking 29 fish for 40 lb 15 oz.

COMPETITIONS

Herrmann's Heroes!

Jeremy Herrmann - winner of the Brown Bowl for the second time in a year

Drennan England win Autumn Home International in style.

The victorious England team - back row from left: Bill Newport (international secretary), manager Bob Church, John Pawson, Simon Hodges, Chris Timothy, Peter Page (capt), Chris Ogborne, Brian Pargetter, Jeff Loud, Mike Childs, Mark Baillet, Gynfor Jones (international president). Front row: - John Lindsey, Martyn Adams, Len Childs, Ray Burt, Bill Latham, Jeremy Herrmann, Dave Barker.

TWENTY-three-year-old Jeremy Herrmann re-wrote the record books when he became the first person in the 60 years of the Home Internationals to win the coveted Brown Bowl awarded to the top individual weight - twice in succession. And he has done it on his first two appearances for the Drennan England team!

After topping the 56-entry field at Draycote in the Spring International with 20 fish on dry flies, almost double the number of his nearest rival, Jeremy repeated his dominance at Llyn Brenig in the Autumn event in September. His bag of eight fish for 10lb 9oz 8dr was approached only by Ray Burt of England (6 fish) and Richard McCabe of Ireland (6 fish); no-one else took more than four.

Jeremy's astounding performance helped England to another team win, ahead of Ireland, whose second place was considered extremely good, considering that most of the team are not used to fishing for rainbows.

Jeremy started with a team of flies, fishing around the sailing club and the wood, while most other boats went to the dam. He took four fish in two hours on these tactics, plus a brownie which he returned, before changing to a single mini Cat's Whisker, on a very long leader, and a Wet Cel 2 medium-fast sinking line. This brought him four fish in the final 45 minutes from the Pond area - a spot chosen by Jeremy's ghillie Colin Minchie even though Jeremy didn't fancy going there! The successful fly was tied on a double hook and given to him by former international Tony Curtis.

However, Jeremy's effort was backed by some wonderfully-consistent fishing from his team-mates, who all weighed in — the only team to do so.

Sinking lines and mini-lures was the combination that had accounted for most fish in practise, and in fact Irish team member Eddy Harte had broken the Brenig fishery record in practise, with an 11lb 2oz 8dr rainbow. Best fish on the day was 2lb 7oz by England's Ray Burt.

RESULT: 1 England, 65lb 6oz (44 fish); **2 Ireland,** 40lb 15oz (29 fish); **3 Scotland,** 21lb 14oz (15 fish); **4 Wales,** 19lb 15oz 8dr (13 fish).
Individuals: England P Page (capt) 1lb 5oz (1 fish); J Lindsey 1lb 8oz 8dr (1); S Hodges 5lb (3); M Baillet 2lb 2oz (1); D Barker 6lb 7oz (4); M Adams 1lb 7oz (1); C Ogborne 6lb 4oz (4); J Loud 6lb 2oz (4); L Childs 4lb 12oz (3); Ray Burt 9lb 4oz (6); J Herrmann 10lb 9oz 8dr (8); C Timothy 4lb 1oz (3); J Pawson 5lb 10oz (4); W Latham 14oz (1)
Ireland F Reilly (capt) 3lb 15oz (3); S McGowan 3lb 12oz (3); R McCabe 8lb 4oz 8dr (6); W Heritage 3lb 11oz (2); C Molamphy 3lb 15oz (3); B Atkins 2lb 8oz (2); P McNulty 3lb 5oz 8dr (2); J Creane 1lb 9oz 8dr (1); J Murphy 1lb 12oz (1); E Harte 2lb 4oz (2); C Sleator 1lb 2oz (1); J O'Leary 4lb 12oz 8dr (3). M Folan and S McCart blanked.
Scotland R Glass (capt) 4lb 4oz (3); E Brown 1lb 8oz 8dr (1); D Graham 2lb 1oz (1); N McCarry 1lb 11oz (1); J Ashford 1lb 6oz (10; P Cowan 2lb 12oz (2); J Kayne 3lb 9oz (3); J Moncur 2lb 14oz (2); J Norval 1lb 10oz (1); S Leask, G Minchie, M Shanks, I Mallard and G McKenzie blanked.
Wales — D Rees 4lb 10oz (3); S Graham 3lb 6oz (2); J Roberts 5lb 5oz (3); S Williams 2lb 10oz (2); R Pascoe 1lb 5oz 8dr (1); B Crouch 1lb 5oz (1); M Thomas 1lb 6oz (1); M Howells (capt), T Graham, R Morgan, A Griffiths, A Owen, B Thomas, and T Brett blanked.

England

Peter Page (Captain), Martyn Adams, Mark Baillet, David Barker, Ray Burt, Len Childs, Jeremy Herrmann, Simon Hodges, Bill Latham, John Lindsey, Jeff Loud, Chris Ogborne, John Pawson & Chris Timothy.

1. England	44 fish	65-6-0
2. Ireland	29 fish	40-15-0
3. Scotland	15 fish	21-12-0
4. Wales	13 fish	19-15-8

NEWS AND VIEWS

JEANETTE MAKES THE GRADE

First-ever lady qualifier for England squad, plus youngest-ever qualifier...

Jeanette Ford - England's first lady International.

JEANETTE Ford from Bristol Reservoir Flyfishers became the first lady to ever qualify for the full England international squad when she finished in the top 20 in the National Final held at Bewl Bridge in Kent. History was also made by 18-year-old Nicholas Arthurs, last year's English Junior Champion, who became the youngest person ever to qualify for the squad. But happiest man of all was Dave Grove from Bovey Tracey, Devon, who ended as the new National Champion.

After windy practise sessions competitors were confronted by almost a flat calm, putting paid to the pulling tactics many had planned to use. As the day wore on competitors struggled to cover rainbows quietly sipping surface flies at extreme range.

At the weigh-in it became clear that this had been one of the hardest Nationals in recent years, for over half the field failed to catch, including several very experienced ex-internationals. Altogether only 49 of the 100 anglers caught, totalling 112 fish.

Despite the poor catches the stocking density at Bewl was never questioned, as most anglers had in fact seen fair numbers of fish rising, notably near the cages, in Hook Straight, around Seven Pound Creek, and at the Nose.

Dave Grove, competing in his fifth National final, didn't join in the rush to the cage area and Hook Straight; instead he settled just 50 yards out from the boat dock. "I used small Hare's Ear Suspender Buzzers to pick off fish once they regained confidence after the boats had motored over them," he said. "It was definitely much more diifficult in the afternoon, though. I'd had all my six fish by 2pm."

Second-placed Richard Hearth preferred pulling a Cat's Whisker on a floating line to take six fish for 9lb 2oz 8dr "I was confident with my tactics they'd worked well the previous day. I moved around between the cages and the Nose," he explained.

Local expert Mick Dwyer managed four fish, including a rainbow of 5lb 4oz, to finish third. Mick said: "I'd just cut the motor to ask a friend how he was doing when the big fish rose in front of the boat. I covered it immediately and it grabbed the Killer Nymph. It fought doggedly around the boat, rather than making spectacular runs, but I netted it inside ten minutes."

Jeanette Ford's full International qualifying place came courtesy of three fish weighing 5lb 8oz 8dr taken on tiny orange dry flies in her eighth National Final.

Dave Grove, new National Champion.

Meanwhile last year's National Junior Champion, 18-year-old Nicholas Arthurs, boated two rainbows for 5lb 3oz 8dr to become the youngest angler ever to qualify for England. These included the second-largest fish of the match at 3lb 4oz 8dr which accepted a deer-hair-thoraxed green sedge pupa. Boat partner Lee Sennington, of Bristol Reservoirs, lent the youngster a hand with the net.

In operation for the first time was the requirement for competitors to record the time each fish on the boat was landed, and at the end of the match each competitor had to verify his boat partner's card. Confederation match secretary Paul Page explained: "This is to get competitors used to recording catches during matches in preparation for when events go over to catch-and-release. It will also help organisers make a statistical analysis of the day's fishing."

RESULT: 1 D Grove 9lb 9oz (6 fish); 2 R Hearth 9lb 2oz 8dr (6); 3 M Dwyer 9lb 2oz (4); 4 M Cairncross 7lb 7oz (5); 5 K Landless 7lb 4oz (4); 6 D Shipman 7lb 2oz 8dr (4); 7 J Herrmann 6lb 12oz 8dr (4); 8 J Maitland 6lb 12oz (4); 9 R Worts 6lb 8oz 8dr (3); 10 L Childs 6lb 4oz (4); 11 N Charlton 6lb 3oz (3); 12 C Ogborne 6lb 3oz (3); 13 Jeanette Ford 5lb 8oz 8dr (3); 14 P Miller 5lb 6oz (3); 15 N Arthurs 5lb 3oz 8dr (2); 16 L Booth 5lb 3oz (3); 17 L Sennington 4lb 13oz (3); 18 A Skingsley 4lb 9oz 8dr (2); 19 C Howitt 4lb 7oz (2); 20 J Burnett 3lb 8oz 8dr (2); 21 M Childs 4lb 3oz (2); 22 W Latham 3lb 8oz 8dr (2). First 20 qualify for the Drennan England squad odd numbers qualify for the 1994 Spring International on Lough Conn, Ireland in May, together with the top four from the latest Autumn International on Brenig. Even numbers qualify for the 1994 Autumn International on Lake of Menteith, Scotland, in September, together with the top four from the 1994 Spring event. Jeremy Herrmann (7th), who has already qualified for the Spring event, now also goes to the Autumn event. Anglers in 21st and 22nd places are reserves.

1.	D Grove	6 fish	9-9-0
